

JOB DESCRIPTION

ELECTRICAL ASSEMBLY TECHNICIAN

Company:

Kays Engineering is a machinery manufacturer located in Marshall, Missouri. We design and build the DeHoff, Eldorado, and TechniDrill brands of precision drilling machines. We have over 4,000 machines in service all over the world in the automotive, aerospace, firearms, medical, and petrochemical industries. For additional information visit our website at www.kays-dehoff.com.

Scope:

The Electrical Assembly Technician will work in the Assembly Department installing and troubleshooting electrical components of precision drilling machines. Areas of competency will include electrical wiring, component installation, circuit troubleshooting.

Requirements:

- High School Diploma
- Prefer 2-year technical school degree or equivalent training
- Experience with assembly and maintenance of electrical systems and components
- Ability to read and interpret electrical schematics and mechanical drawings
- Experience with using precision measurement equipment
- Ability to work as a team member, cooperative with peers and supervisors

Duties:

- Install electrical components of DeHoff, Eldorado, and TechniDrill precision deep-hole drilling machines and other automated equipment
- Debug and troubleshoot of electrical and software systems on equipment
- Provide sketches to supervisors of work to be performed on electrical components in other departments (weld, machine shop, etc.)
- Provide red-line drawing changes for discrepancies or alterations, if needed
- Provide maintenance support on all equipment, machines, and the facility as required
- Keep work area and facility clean and organized
- Perform additional tasks as required by Assembly Department Supervisor
